Phil is a patient access platform for Dartisla ODT™. Get your patients on therapy quickly at the lowest possible copay with minimal effort for your practice.

phil

Why prescribe via Phil platform?

- Simply send an Rx to PhilRx—no hub forms!
- Reimbursement support during the prior authorization process and beyond
- Visibility into patient journeys via fax or email summaries

How it works:

1 **Send Rx to Phil and let patient know to expect a text within minutes**

- eRx: PhilRx (Columbus, Ohio)
- Fax: 888.975.0603
- Verbal: 855.977.0975, Option 1

To minimize callbacks, include:

- Chart notes
- OR prior tried/failed and ICD-10 in Rx note to pharmacist

Mobile

Note to pharmacist

2 **Submit prior auth when required**

Phil will pre-populate PA form and fax you the CMM key to submit
